SPAWARINFOTECHCEN INSTRUCTION 5220.9

Subj: ACQUIRE PRODUCTS (AP) PROCESS POLICY

Ref: (a) SPAWARINFOTECHCENINST 5220.1A

- 1. $\underline{\text{Purpose}}$. To direct the use and institutionalization of the AP process per reference (a).
- 2. <u>Policy</u>. All Space and Naval Warfare Systems Command Information Technology Center (SPAWARINFOTECHCEN) personnel involved in acquiring products shall follow the AP process as described and documented in the SPAWARINFOTECHCEN Process Library.
- 3. <u>Background</u>. The purpose of the AP process is to deliver the right products/services to the requestor in the most expeditious and cost-effective manner. The AP process, like all other SPAWARINFOTECHCEN processes, has a Process Owner who exerts authority over all aspects of the process, including approval of any changes to the process within the established boundaries. The Process Owner selected the membership of and convened a Process Working Group (PWG) to define, develop, and deploy the AP process. The AP PWG will remain in existence during the life of the process and will be reconvened as needed by the Process Owner to evaluate proposed major changes. The AP Process Owner as well as all elements of the AP process, including desktop procedures for process implementation and execution, are identified in the material housed in the SPAWARINFOTECHCEN Process Library, accessible via the command portal at the following address:

https://portal.spawaritc.navy.mil/servlet/portal. Personnel may contact the Knowledge Management Division, SPAWARINFOTECHCEN (ITC114), for assistance in accessing the command portal.

4. Action

- a. All SPAWARINFOTECHCEN personnel will:
- (1) Use the AP process as defined in its entirety if involved in acquiring products in any capacity for new programs and existing programs, projects, and ongoing operations at the SPAWARINFOTECHCEN.
- (2) Review, understand, comply with, and utilize the process development components, including:
- (a) Supplier-Input-Process-Output-Customer (SIPOC) overview diagrams.
 - (b) Specific AP desktop procedures.
 - (c) Role definitions.
 - (d) Swim lane diagrams.

- (e) Templates and guidelines for preparing all AP artifacts.
- (3) Understand their role in supporting and/or executing the AP process.
- (4) Address any questions on the AP process to the Process Management team.
- (5) Vigorously support continuous process improvement by observing, in the day-to-day course of implementing and executing the AP process as defined, any elements that could potentially improve process efficiency and/or effectiveness, and recommending changes based on these observations to the AP Process Owner. Per reference (a), personnel will submit recommended changes using the Request for Process Change (RPC) form (SPAWARINFOTECHCEN 5220/1) and procedures housed in the SPAWARINFOTECHCEN Process Library.
 - b. The AP Process Owner will:
 - (1) Exercise authority over all aspects of the AP process.
 - (2) Manage the continuous improvement of the AP process.
- (3) Resolve issues related to process misuse or non-use by SPAWARINFOTECHCEN personnel.
- (4) Ensure PWG membership is available to provide support during the life of the AP process.
 - (5) Convene the PWG as required to discuss AP process issues.
- (6) Work with the PWG membership to evaluate changes to the AP process as proposed via the RPC.
- (7) Serve as the final decision authority on AP process changes that fall within the boundaries of the process established by the Executive Steering Committee (ESC).
- (8) Ensure all SPAWARINFOTECHCEN personnel are notified of any AP process changes.
- (9) Ensure appropriate involvement and adherence to the AP process by all constituents.
- (10) Support efforts to communicate and explain the AP process throughout the organization.
- (11) Support the collection, evaluation, and reporting of measurement data on the AP process.
 - c. The AP PWG members will:
- (1) Provide continuing support for the AP process during the process life cycle.
 - (2) Attend meetings convened by the Process Owner.
- (3) Evaluate recommended changes based on their likelihood of increasing efficiency and effectiveness within the context of external benefit to the customer.

- (4) Use the agreed-upon tools and techniques to further define, develop, and document the AP process and/or changes to the process as required.
 - (5) Support the AP Process Owner as required.
 - d. The Process Management team will:
- (1) Provide technical and administrative support to manage all RPCs (SPAWARINFOTECHCEN 5220/1) using the Manage Processes process.
 - (2) Maintain the AP process as follows:
- (a) Continually review the AP documentation and artifacts in the SPAWARINFOTECHCEN Process Library to ensure completeness, consistency, and accuracy.
- (b) Make changes to the AP documentation and artifacts as required to achieve completeness, consistency, and accuracy.
- (c) Forward AP RPCs (SPAWARINFOTECHCEN 5220/1) to the Process Owner for issues that fall within the established process boundaries, or to the ESC for issues that extend beyond the boundaries of the AP process.
- (d) Conduct audits throughout the organization to determine whether personnel are using the AP process correctly.
- (e) Elevate discrepancies in correct AP process usage identified during process audits to the Process Owner.
 - e. SPAWARINFOTECHCEN Contracting Officer's Representatives (CORs) will:
- (1) Ensure all contractor leadership under their oversight receives this instruction.
- (2) Ensure this instruction is referenced in all applicable Task $\,$ Orders.
- f. Government managers and supervisors will ensure all personnel under their oversight receive and comply with the requirements of this instruction.
- 5. <u>Points of Contact</u>. Address questions about this instruction to any government member of the Process Management team. The team's members are identified in the SPAWARINFOTECHCEN Process Library documentation.
- 6. <u>Form</u>. The Request for Process Change, SPAWARINFOTECHCEN 5220/1 (9-02), is maintained in the SPAWARINFOTECHCEN Process Library at the following Web site: https://portal.spawaritc.navy.mil/servlet/portal.
